

Cyfin Reporter

Manage employee Web use effectively.

Trusted worldwide, Cyfin Reporter is an effective Web-use reporting software solution for any organization. It is an advanced logfile analyzer for your proxy server, firewall or caching appliance. Comprehensive and easy to use, it works hand in hand with almost all popular appliances to analyze logfiles and generate clear user activity reports automatically. With Cyfin, you will be able to audit Internet usage at-a-glance with reports customized to support your organization's acceptable use policy (AUP).

 - **Operating Systems:** Windows 2003/2008, XP, Vista, Windows 7, and Red Hat Linux
-
- **Browsers:** Microsoft Internet Explorer 7.0 or higher and Mozilla Firefox.

Pricing

Wavecrest's Cyfin solutions offer the industry's best value for Internet monitoring and reporting. Cyfin Reporter is a licensed, subscription-based software product. Pricing is tiered, based on the number of people ("non-concurrent users") to be monitored. In general, the price-per-user decreases as the number of users goes up.

Every Cyfin Reporter purchase includes:

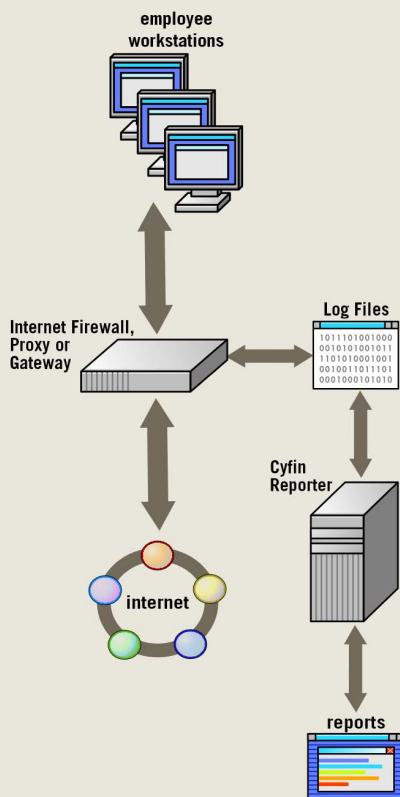

- Free technical support
- Daily URL list updates
- Free product upgrades

Discount pricing is available for government agencies, educational institutions, non-profit organizations, and resellers. For more information, contact sales at 321-953-5351, ext. 3.

Wavecrest Computing

Wavecrest Computing has provided business and government clients with reliable, accurate Web use management software since 1996. IT specialists, HR professionals and business managers trust Wavecrest's Cyfin® and CyBlock® products to manage employee Internet usage - reducing liability risks, improving productivity, saving bandwidth and controlling costs.

Wavecrest has over 3,000 clients worldwide, including Procter & Gamble, General Electric, IBM, British Telecom, Miller Coors, Edward Jones, IKEA, Seimens, the US Army and a growing list of global enterprises and government agencies. Wavecrest Computing is a GSA Schedule Contractor. For more information on our company, products and partners, visit www.wavecrest.net.
