

Cyfin Proxy

Effective Internet Monitoring for Your Organization

An Internet monitoring proxy server, Cyfin Proxy combines Web access monitoring with the industry's best user-activity reporting in one high-performance, low-cost solution. Ideal for any size organization, Cyfin Proxy makes Web-use management effective and easier than ever before.

Key Features

- **Real-Time Monitoring.** Get live views of employees' Web activity and bandwidth usage.
- **Productivity Protection.** Monitor social networks, shopping, sports and more.
- **Comprehensive Coverage.** Monitor over 500 million Web pages in 74 categories.
- **Employee-Focused Reporting.** Track employee Web usage from multiple perspectives.
- **Manager-Ready Reports.** Get reports that are accurate, detailed and actionable.
- **Personalized Web Policy Support.** Tailor Cyfin to fit your specific policy.

Reporting Features

- **Dashboard.** See an overall picture of the organization's Web activity.
- **Top Charts.** Get a quick view of the top users, groups, categories, and sites.
- **Trend Charts.** Easily spot spikes in bandwidth and employee Web use.

Visits By Classification

Classification Name	Download Time	Visits	%	26,468	52,939
Acceptable	6:03:10	52,939	47%		52,939
Unacceptable	5:16:55:20	49,292	44%		49,292
Neutral	1:00:26:40	8,800	7%	8,800	
Totals	12:20:25:10	111,031

Top Users' Abuse Report

- **Automatic Abuse Detection.** Identify Internet abuse immediately in Web reports.
- **Interactive Reporting.** Drill down to more detailed data in reports.
- **Report Scheduler and Distribution.** Run and distribute reports automatically.
- **Operator Accounts.** Provide reporting-only access to managers and HR.
- **VIP Exclusion and Anonymous IDs.** Exclude or hide login names from reports.

Technical Advantages

- **Bandwidth Protection.** Monitor Web sites that consume the most bandwidth.
- **Security Assurance.** Protect against spyware, malware, public proxies, etc.
- **Active Directory Support.** Integrate seamlessly with Active Directory.
- **Daily List Updates.** Stay on top of the latest Web 2.0 trends with automatic updates.
- **Minimal-Effort Administration.** Install, set up and maintain with ease.
- **Array Configuration Support.** Manage multi-location configurations from one server.
- **Superior Support Services.** Access our knowledgeable support staff and services.

Compatibility

- **Processor:** 2.0 GHz
- **Memory:** 1 GB RAM
- **Hard Disk:** 500 MB free disk space
- **Supported Operating Systems:** Windows Server 2008/2003
Note: For evaluation purposes, a Windows XP Professional, Vista Business Edition, or Windows 7 workstation may suffice if you intend to test with less than ten users. These workstations will not allow more than ten concurrent connections. This is a limitation of Microsoft, not Wavecrest Computing products.
- **Supported Browsers:** Internet Explorer version 7.0 or higher, Mozilla Firefox.

Pricing

Wavecrest's Cyfin solutions offer the industry's best value for Internet monitoring and reporting. Cyfin Proxy is a licensed, subscription-based software product. Pricing is tiered, based on the number of people ("non-concurrent users") to be monitored. In general, the price-per-user decreases as the number of users goes up.

Every Cyfin Proxy purchase includes:

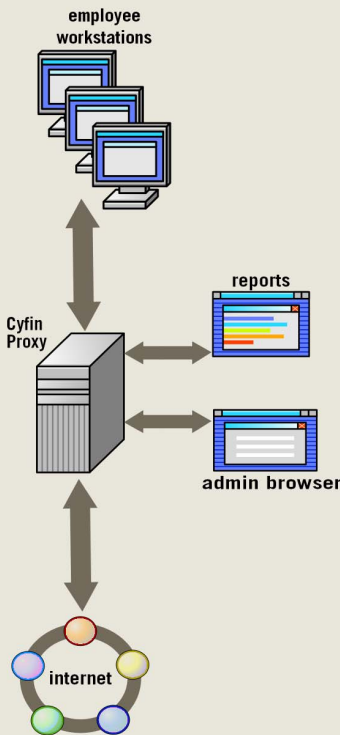

- Free technical support
- Daily URL list updates
- Free product upgrades

Discount pricing is available for government agencies, educational institutions, non-profit organizations, and resellers. For more information, contact sales at 321-953-5351, ext. 3.

Wavecrest Computing

Wavecrest Computing has provided business and government clients with reliable, accurate Web use management products since 1996. IT specialists, HR professionals and business managers trust Wavecrest's Cyfin® and CyBlock® products to manage employee Internet usage - reducing liability risks, improving productivity, saving bandwidth and controlling costs.

Wavecrest has over 3,000 clients worldwide, including the Procter & Gamble, General Electric, IBM, British Telecom, Miller Coors, Edward Jones, IKEA, Siemens, the US Army and a growing list of global enterprises and government agencies.
